

It is unconscionable that this country is so actively stripping its citizens of our rights as established by our founding fathers. This country was founded on Christian principals by Christian people. To spend so much time, money and effort to remove our Christian heritage from our country because people of differing opinions make some noise is unfathomable, especially when there are other countries they can live in if they think ours is so horrible.

Freedom of speech was a HUGE reason this country was established and that right was written into the constitution so we as a nation would always be able to openly express ourselves. You don't see many true Christians working to strip our opponents of that right and we should not have our rights stripped away either. Whether a person is Christian or not, we ALL are entitled by the constitution to freedom of speech and freedom of religion. These radio stations may not give anything to some, but they have become EVERYTHING to many. Please do not go against the very foundation of our nation by moving forward with this. You may not personally feel the lasting and lingering affects of this action, but many others will definitely be negatively impacted. I have a chronically ill child who listens to these stations to be uplifted and encouraged to continue her fight. Please, I beg of you, don't take this away from her and everyone else who relies on the message these stations deliver just because you can or you're feeling pressure from people who think their values and ideas are the only ones everyone should live by, when those are the very actions that drove our founding fathers to build this great nation. Our founding fathers would roll over in their graves to see their hard work tossed away so recklessly. Thank you all and may God bless each and every one.
