

To whom it may concern,

My Name is Nichole Mager and I live in Nampa, Idaho. My Husband is terminally ill, and does not have very long to live. We have a 14yr old Son, a 13 yr old Daughter, a 10 yr old Daughter & a 1 yr old Daughter. Our Christian radio stations are KTSY 89.5 FM & Air1 98.6 FM, we listen to these stations as a family. The songs of Faith and the message of God's undying love no matter what it is what has gotten us through many hard times. How many radio stations can say that both the Parents and Children (teenagers at that) listen to there radio station and agree on everything about it? From the message in the music, to the message of the DJ's. I can let ALL of my children listen to these stations unsupervised, and I never have to worry about them hearing something that is inappropriate. After listening to the music my children never want to steal, do drugs, or break the law. All my kids want to do after listening to these radio stations is Glorify God and do his good work.

Your forcing these Christian Radio stations to participate in a Community Action Board which could include individuals who may not be friendly to the continued Christian mission of these stations would be irresponsible. Maybe you should look into having a Christian Community Action Board that would be responsible for all radio stations, and then maybe there could be a little less violence, and a lot more compassion for everyone out there. That would be better for the community!

As for your requiring additional staffing, why? The Christian Radio stations are doing a GREAT job with the staff they have. They are having a positive influence on our communities. Can the Secular Radio stations say that?

What's wrong with the way our Christian Radio stations are broadcasting? Absolutely NOTHING!! Please leave our Christian Radio stations alone!! They are the only positive thing out there on the Radio Waves!! Protect our Freedom of Speech!!

GOD BLESS AMERICA – Nichole Mager
