

I am a financial supporter of K-Love Christian Music. I do this because their music and their message has helped to bring Christian values to my family in song and in the messages provided by the DJs. I've been made aware that new amendments are being proposed that could potentially change the content of my radio station OR could cause my radio station greater cost thus potentially shutting down our small station.

It is very hard to maintain Christian values. Having our local K-Love station helps me to stream in music and message of the Gospel. My family has greatly benefited by creating opportunities to pray with one another as a result of what we have heard on our small local station.

My fear is that your proposed changes will either put a non-Christian on the board/panel resulting in a non-Christian message being broadcast. My other fear is that the additional cost for staffing will cause my small local Christian station to shut down.

I am fighting to keep values in my household. As a parent of two I find this very difficult with non-Christian values shown on television, experienced in schools, and listened to on other radio stations. I humbly request that you reconsider adding these amendments proposed to Christian radio stations. The choices you make are potentially going to affect my family. I will pray that you will help me raise my children with this Christian outlet.

Sincerely,

Joseph and Deborah Botkin
