

Dear Sir/Madam:

I love my radio stations KLOVE and AIR1. I have been a listener since 2002 and since then, I have listened to no other stations. It has been a source of encouragement and comfort for me. It means so much to me that they operate as they currently are now. I do not see any reason for a change. Please do not adopt the proposed changes. I love my radio station exactly like it is.

Thank you!
