

KLOVE Radio means alot to me and my family. We can listen to it without worrying about the content of the songs or what the DJs might say. And my children and myself are exposed to the message of the Gospel and the love that Christ brings to the world. If anything should be taken off the radio it should be all the other radio stations because they all talk about sex, drugs, alcohol and occasionally have curse words that I don't want to hear and I don't want my children to hear.
