

Keep FREE speech FREE. With the MANY things that intrude our lives, some that we can control and a lot of others we can not....it would seem that an attempt by the FCC to propose regulations and rules to our radio station is motivated by greed and power. I clearly love to listen to the radio, and enjoy the current station (KLOVE) that I have playing at most times. But by adding "one more rule, one more regulation" aren't you taking the power out of the hands of the people. Remember...by the people for the people? I strongly oppose this idea. Again.....Keep FREE speech FREE!

Sincerely,

Dawn W. Hastings
