Re: *IB Docket No. 06-123*

Dear Ms. Dortch:

This is to inform you that Stacy Fuller, Jack Wengryniuk, Michael Nilsson, and undersigned counsel representing DIRECTV, Inc. ("DIRECTV") met yesterday with Robert Nelson, Andrea Kelly, Karl Kensinger, Kathryn Medley, Chip Fleming, and Diane Garfield (by telephone) of the Commission's International Bureau with respect to the above referenced proceeding. Specifically, we discussed DIRECTV's comments in support of requiring 17/24 GHz BSS applicants to supply data on the off-axis gain of satellite transmit antennas in the plane of the geostationary arc, including issues related to the nature, timing, and format for such submissions. DIRECTV is currently reviewing its comments in light of the staff's questions and intends to file more detailed proposals in the near future.

Respectfully submitted,

/s/

William M. Wiltshire  
*Counsel for DIRECTV, Inc.*
