Dear Ms. Dortch:

This is to report that yesterday, April 29, 2008, at the request of the Commission staff, Stephen Carter, Vice President, Engineering, and I met with Derek Poarch and Erika Olsen of the Public Safety and Homeland Security Bureau and James Schlichting of the Wireless Bureau. We discussed the rules to govern the 700 MHz D block and the re-auction of that block. During the discussion, we urged the Commission to conduct a comprehensive review of the rules governing the D block and the rules which would govern a re-auction of the D block among all affected stakeholders in the hope of developing rules that would reduce the uncertainty surrounding the D block.

Respectfully submitted,

/s/ Dean R. Brenner
