Dear FCC:

Get this thing done! This is a pay service, NOT free radio, and it will not effect people that want to listen to terrestrial radio. The FCC said they would not stand in the way if the D.O.J. cleared the way for this merger, but they are doing just that! It has been over one month since the D.O.J's decision, and over a year and a half since this merger quest began. Consumers want this, the citizens want this, and voters want this. If this thing continues to stall, it can only mean that the terrestrial radio lobby owns the FCC and Congress. And we voters are taking note of how our representatives view this merger. It is time for Congress and the FCC to get off their ass and put this merger through.

Sincerely,

Sean Moran
