

Dear FCC,

The Florida Association of the Deaf had it's Board Meeting in Orlando FLorida April 26, 2008. Members present at the meeting, has overwhelmingly voiced opposition to the request for waiver from the Captioning requirement for television broadcast from the "Villages News Network", Case number CGB-CC-0789.

The Florida Association of the Deaf would like to go on record as being OPPOSED to the waiver request from the Villages News Network. AND, we oppose ALL requests for Captioning waivers from ALL broadcasters!

Thank you very much.
