Washington, DC 20554

Dear Communications Commission,

Local radio has all but disappeared from the dial in recent decades. LPFM stations bring community voices back to the airwaves. I strongly urge you to prioritize local programming on LPFM stations over satellite-fed translators across the country. I encourage the Commission to establish rules that fairly promote local ownership and programming over repeated signals from faraway stations. Thank you.

Sincerely,

Mr. Roy Sydnor
256 Clarken Dr
West Orange, NJ 07052-3443

Dear Communications Commission,

Local radio has all but disappeared from the dial in recent decades.

LPFM stations bring community voices back to the airwaves. Such is the case in our locality with KPOV-FM.

I strongly urge you to prioritize local programming on LPFM stations over satellite-fed translators across the country. I encourage the Commission to establish rules that fairly promote local ownership and programming over repeated signals from faraway stations. Thank you for taking this concern into consideration.

Dear Communications Commission,

Our system of government depends on the media to distribute a range of ideas to the people. If a small group of corporations control all of the means by which citizens receive information, a democracy cannot function correctly.

Local radio has all but disappeared from the dial in recent decades. LPFM stations bring community voices back to the airwaves, something that is needed when large corporations dominate most of the radio dial.

I strongly urge you to prioritize local programming on LPFM stations over satellite-fed translators across the country. I encourage the Commission to establish rules that fairly promote local ownership and programming over repeated signals from faraway stations. Thank you.
