

To whom it may concern,

I am against the new regulation that is trying to ban christian radio because it "offends" other people. Isn't America a free country? That means that if disagree with it then you don't have to listen to it. Why is it that they are only doing this to christian radio, which plays clean music with clean lyrics. Why are they not doing anything about rap stations that play perverted and degrading and music. How many people have committed crimes after listening to a hard rap or hard rock song? How many people have committed crimes after listening to christian radio? Why is it that this only happens to christian radio, if they were to put any other type of music with a different religion then nobody would have said anything.

Thank you for your concern.
