Re: Notice of *Ex Parte* Presentation  
WT Docket No. 05-194  
WT Docket No. 06-150  
WT Docket No. 07-208

Dear Ms. Dortch:

On May 6, 2008, Lowell McAdam, President and CEO of Verizon Wireless, Anthony Melone, Vice President and Chief Technical Officer of Verizon Wireless, Steven Zipperstein, Vice President-Legal and External Affairs and General Counsel of Verizon Wireless, and Thomas Tauke, Executive Vice President-Public Affairs, Policy and Communications of Verizon Communications, Inc., met with Chairman Martin, Daniel Gonzalez, Chief of Staff, and Aaron Goldberger, Legal Advisor to the Chairman.

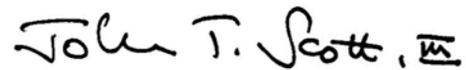

Messrs. McAdam et al. urged that the Commission grant the pending petition for declaratory ruling of CTIA - The Wireless Association on wireless early termination fees (WT Docket No. 05-194), and find that early termination fees in wireless contracts are "rates charged" for services within the meaning of Section 332(c)(3)(A) of the Communications Act. The presentation was consistent with the written positions taken by Verizon Wireless in that proceeding, and referenced Verizon Wireless' May 1, 2008, written *ex parte* presentation, in which the company supported a rulemaking proceeding to consider prospective federal rules on wireless ETFs.

In response to a question from Chairman Martin as to Verizon Wireless' position on the adoption or use of spectrum caps, screens, or other limits on wireless spectrum holdings, Messrs. McAdam et al. reiterated the company's opposition to license eligibility or any other spectrum aggregation limits on wireless spectrum, including the 700 MHz band (WT Docket No. 06-150). The presentation was consistent with the written positions taken by Verizon Wireless in that proceeding in response to comments and other pleadings of parties that supported ownership eligibility rules, spectrum caps or screens, or other spectrum-related limits.

Messrs. McAdam et al. also summarized the status of the pending applications for transfer of control of wireless licenses and other authorizations held by Rural Cellular Corporation to Verizon Wireless (WT Docket No. 07-208), and urged the Commission to act expeditiously on those applications.

Pursuant to Section 1.1206(b) of the Commission's Rules, a copy of this letter is being filed in each of the above-referenced dockets through the Electronic Comment Filing System.

Respectfully submitted,
