Re: Alert Notification via SMS
Exparte Telephone Discussion

Dear Ms. Dortch:

Agile Communications Group, LLC hereby notifies the Commission of the following *ex parte* telephone discussion in regards to Alert Notification-via SMS. On April 28, 2008, Anna Gervait, President and CEO, and Rick Bowen, COO, had an introductory phone conversation with Jeffery Goldthorpe of the Communications Systems Analysis Division, Public Safety and Homeland Security Bureau.

The participants briefly discussed the availability and use of Text Messaging as an alert notification option. Because of the limited time available, we have scheduled a follow-up conversation for May 2, 2008 at 9:30AM EST.

Sincerely,
/s/ Anna Gervait
Anna Gervait
President / CEO
