Dear FCC:

Another day almost over and no merger approval again. I feel Chairman Martin and the FCC can't handle this simple decision. We need to appoint someone else to make this decision. It's obvious the FCC has hidden agendas this decision in no way should have taken this long. If these were two oil companys this merger would have been approved in a timely manner. I keep asking for answer and nobody has answered. I have lost all my faith at this point in the FCC they are try to ruin alot of people and these two companies. I'm so disgiushed with this whole mess. Chairman Martin should be relieved of his duties.

Sincerely,

Ronald Strickler
