

Hello hello is anyone there? Is anyone listening to the general public? Do we pay your salaries or are you employed by by Chester Davenport, the NAB or Al Sharpton? Doesnt Al sharpton owe the IRS 1.5m. If I had a few extra 100,000 I would by buy Sirius stock. Congressman Senators and Attorney Generals are listening to the public. I sure wish someone would. I really want to choose what Sirius and Xm stations I want to hear without the governments help. All I really want is the music I want hear why does them seem to be sp difficult. Y'all dont own the pay radio service so why don't you butt out and approve the merger.
