Washington, DC 20554

Dear Communications Commission,

Local radio has all but disappeared from the dial in recent decades. LPFM stations bring community voices back to the airwaves. I strongly urge you to prioritize local programming on LPFM stations over satellite-fed translators across the country. I encourage the Commission to establish rules that fairly promote local ownership and programming over repeated signals from faraway stations. Thank you. Local radio here has turned into nothing more than a profit-maker. Local news consists of five minutes (none on week-ends), the rest of the time it is music and commercials, commercials, commercials. These airwaves belong to the people-why should someone be allowed to use them for their own profit, without citizens getting benefits. There is no competition.

Sincerely,

Mr. David Forgatsch
1703 Croghan St
Fremont, OH 43420-2758

Dear Communications Commission,

Local radio has all but disappeared from the dial in recent decades. LPFM stations bring community voices back to the airwaves. In a small, off the beaten track community such as mine, timely news reports are hard to come by and costly since I must rely on only newspapers and TV stations that cover national/international news but do not report local news

I strongly urge you to prioritize local programming on LPFM stations over satellite-fed translators across the country. I encourage the Commission to establish rules that fairly promote local ownership and programming over repeated signals from faraway stations. Thank you.

Sincerely,

Ms. Mona Locke

Dear Communications Commission,

Local radio has all but disappeared from the dial in recent decades.
LPFM stations bring community voices back to the airwaves.

I do not want to see a public resource distributed amongst the wealthy
and powerful few. You lot would propose giving libraries and parks
away to huge corporations so they could charge admission.
I strongly urge you to prioritize local programming on LPFM stations
over satellite-fed translators across the country. I encourage the
Commission to establish rules that fairly promote local ownership and
programming over repeated signals from faraway stations. Thank you.
