

Comments in Response to Localism Notice of Proposed Rulemaking
 MB Docket No. 04-233

MAY 08 2008

FCC Mail Room

I submit the following comments in response to the Localism Notice of Proposed Rulemaking (the "NPRM"), released Jan. 24, 2008, in MB Docket No. 04-233.

Any new FCC rules, policies or procedures must not violate First Amendment rights. A number of proposals discussed in the NPRM, if enacted, would do so - and must not be adopted.

Let me begin by telling you, I have been a K-Love listener for over 10 years, and a financial supporter for about 5 years now. K-Love is uplifting, calming, exciting and genuine. It's "the real deal," no bologna, honest God fearing people working, representing, writing songs to help comfort, maybe even save another human being. What in any day or age could be more wonderful than that? You hear daily the calls of "thanks" to the station for doing an awesome thing, which quite honestly God told us all to do hundreds of years ago, "Tell the Good News." I love listening to K-Love just the way it is, and I implore you not to make any changes that would take away from all the good K-Love has been doing.

- (1) The FCC must not force radio stations, especially religious broadcasters, to take advice from people who do not share their values. The NPRM's proposed advisory board proposals would impose such unconstitutional mandates. Religious broadcasters who resist advice from those who don't share their values could face increased harassment, complaints and even loss of license for choosing to follow their own consciences, rather than allowing incompatible viewpoints to shape their programming. The First Amendment prohibits government, including the FCC, from dictating what viewpoints a broadcaster, particularly a religious broadcaster, must present.
- (2) The FCC must not turn every radio station into a public forum where anyone and everyone has rights to air time. Proposed public access requirements would do so - even if a religious broadcaster conscientiously objects to the message. The First Amendment forbids imposition of message delivery mandates on any religion.
- (3) The FCC must not force revelation of specific editorial decision-making information. The choice of programming, especially religious programming, is not properly dictated by any government agency - and proposals to force reporting on such things as who produced what programs would intrude on constitutionally-protected editorial choices.
- (4) The FCC must not establish a two-tiered renewal system in which certain licensees would be automatically barred from routine renewal application processing. The proposed mandatory special renewal review of certain classes of applicants by the Commissioners themselves would amount to coercion of religious broadcasters. Those who stay true to their consciences and present only the messages they correspond to their beliefs could face long, expensive and potentially ruinous renewal proceedings.
- (5) Many Christian broadcasters operate on tight budgets, as do many smaller market secular stations. Keeping the electricity flowing is often a challenge. Yet, the Commission proposes to further squeeze niche and smaller market broadcasters, by substantially raising costs in two ways: (a) by requiring staff presence whenever a station is on the air and, (b) by further restricting main studio location choices. Raising costs with these proposals would force service cutbacks - and curtailed service is contrary to the public interest.

We urge the FCC not to adopt rules, procedures or policies discussed above.

Washington, DC 20554

FILED/ACCEPTED

MAY - 8 2008

Federal Communications Commission
Office of the Secretary

Dear Chairman Martin:

We are writing to voice concern about changes the Federal Communications Commission has proposed for its rules to promote localism (*localism proceeding - Docket No. 04-233*). While we applaud the FCC for moving forward in suggesting modifications to policy in order to improve programming targeted to local needs and interests, we are concerned that certain proposed rules would adversely impact the ability of small, locally-owned broadcasters to serve their communities, primarily in Maine.

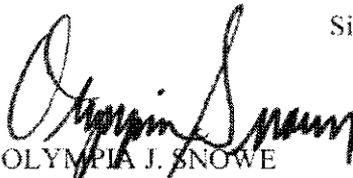

The proposed rule changes that are of concern are the *Physical Presence* and the *Main Studio* rules. The *Physical Presence* rule would require broadcasters to maintain a physical presence at each radio broadcasting facility during all hours of operation. The *Main Studio* rule would reinstate the pre-1987 requirement that all broadcasters maintain their main transmitting studio in their communities of license instead of the current requirement of within 25 miles from the center of the community. Reinstating these policies to their more constrictive versions will have a serious, if not disastrous, economic impact on small broadcasters and their ability to continue operating.

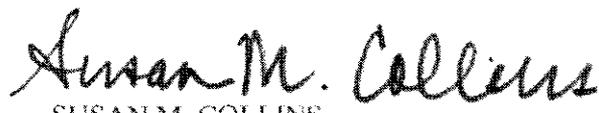

The FCC should not impose rules that unduly undermine the very efforts that such rules are installed to achieve. Small, locally-owned broadcasters are the stewards of localism—a recent GAO report and the FCC's abandoned 2003 report indicate as much by finding local media outlets are more likely to provide local programs that meet the needs of residents in the market compared to national outlets. These rule changes could create significant financial burdens to small, independent broadcasters—quite possibly forcing them out of business or having to sell out to larger media outlets. So instead of promoting localism, the rules could ultimately perpetuate media consolidation.

We hope the Commission will reconsider the impact that these rule modifications will have on small, independent broadcasters' ability to continue operating and examine exemptions for small broadcasters or alternative approaches to promote local programming with respect to these two items.

RE: THANK YOU !!!!!

Dear Polly, Tom, Cyrie and John,

I would like to take this time to tell all of you how much we at CENTURY 21 H.S.V. Realty, etal, appreciated the great job that was completed thoroughly and very professionally by your team.

It has always been my pleasure to work with and personally know you and your staff. KVRE is still by far the outstanding information source in the Village, bar none.

Cyrie again did a fabulous job of putting together the entire program and making sure that everything went off on schedule. She is one terrific lady both in business and personally. We enjoy working with her and she makes our lives much simpler with her knowledge and understanding our business.

John also did a good job of interviewing the various people and getting across the community involvement in our grand opening. A lot of people were also happy to see the face behind the voice. John has been a good addition to the staff and is filling some big shoes very well.

Of course without you and Tom there would be no radio in the Village. So, thank you for being here and thank you for your friendship. Having that live feed on our grand opening was super. We are considering having an annual community affair.

Again our thanks for everything that made our Grand Opening a Very Special and Successful day.

Office of the Secretary

Dear Polly and Tom,

The Board of Directors and Staff of the Hot Springs Village Property Owners' Association are privileged to take this opportunity to express our appreciation for your quick response to the needs of the residents of the Village and surrounding community. Your prompt action in broadcasting information during the December 2004 snowstorm was one of many ways KVRE Radio 92.9 provides public service to Arkansans.

I received a number of telephone calls from people listening to KVRE that day. Many who had to sit for hours in their car expressed appreciation for the information and said that knowing what the HSV Public Works Department and HSV Police Department were doing provided comfort and relief from anxiety. Others within the safety of their homes also called and expressed appreciation for the information as they waited anxiously for loved ones to make it home to safety.

You and KVRE Radio 92.9 are truly remarkable assets to Hot Springs Village, Arkansas.

Sincerely,

Ginna Watson, President

Dear Tom,

We greatly appreciate your fine radio station, and particularly your program "Ask Your Neighbor - neighbor helping neighbor" which provides such an outstanding service to our area. The attached letter concerning Mr. & Mrs. Henry Nardoni exemplifies one important example how beneficial your service is to our community. American Power Conversion's generous gift of a stand-by power system is valued over \$ 1,000!

Keep up the fine work.....

Very best regards,

Richard Mathias

Regarding: APC Case # 2855543 Reference # 940445

Dear Mr. Dowdell,

By way of introduction, my wife (Mary Ellen) and I reside here in Hot Springs Village, Arkansas after retiring from a thirty-year career with General Electric Company (Power Generation - Dallas, Texas) in 1995.

Last week, I was listening to our local radio station (KVRE-FM) program: "Ask Your Neighbor" - neighbor helping neighbor (station owner and hosted by Mr. Tom Nickols). During the hour-long program, I heard a plea for help from a Village neighbor Mr. Hank Nardoni (81 years old) who is the primary care giver to his invalid wife (81 years old) who is solely dependent on life-support systems: oxygen, intervenious feeding and air mattress for added comfort (amputee of both legs). These electrically powered medical systems are completely dependent upon our local electric utility (Entergy Arkansas Inc.) which frequently encounters power outages due to their somewhat remote electrical distribution service here in the Hot Springs National Park area.

After the program, I contacted Mr. Henry Nardoni and expressed my concern for his wife's safety during any power outages. I suggested that perhaps one of your APC units would assist during brief outages. I contacted your Customer Solutions Team- Sales Department and spoke initially with a Ms. Katie Kgaudreau who was most accommodating and pleasant in selecting a suitable unit based on my analysis of the need. I explained the situation in some detail and asked if perhaps APC would assist with this particular need. Within an hour, another APC representative Mr. William Swanson Manager, - Customer Solutions Team- Sales contacted me via phone to advise that a Model SUA1000XL Smart UPS and Battery Pack Model SUA24XLBP would be provided at no cost. As you might imagine, we are extremely impressed with the generosity of APC helping in this critical time of need. The added safety and comfort (mental and physical) that this equipment will provide is sincerely appreciated by both Mr. & Mrs. Nardoni.

I have always utilized APC for my personal needs here at home, and recently incorporated several units at the Mid-America Science Museum, Hot Springs where I serve as Vice President of the Board of Directors. Please be assured that APC will continue to be admired and appreciated by the Mathias family and many others who will learn of this generous and compassionate gesture at a critical time of human need.

May APC continue to prosper!

Sincerest regards,
Richard W. Mathias

PS:

Ms. Katie Kgaugreau and Mr. William Swanson should be appropriately recognized for their exemplary service!

The officers, Directors and members of the **Kiwanis Club of Hot Springs Village Foundation** wish to extend our sincere thank you for your support of our annual "Swing for the Kids" golf tournament held Sept. 18 at the Belvedere Country Club.

We had 144 golfers from around the area and because of your generosity they all enjoyed a great day. Our charities will greatly benefit from the donation you contributed. The Outback Steak House donated a great lunch and the Belvedere staff made the entire day a success.

Again, thank you for your contribution that helped make this the most successful tournament we have sponsored in the last 17 years. We hope you will consider being a part of an even more successful event in 2008. Several of the sponsors this year have already asked to be included. Many golfers have expressed the same opinion.

Your contribution will be entered in our Club Foundation, which is tax exempt under IRS 501 C-3 rules. Our EIN number is at the top of this letter for your use in filing your 2007 tax return. You may wish to consult with your tax advisor, attorney or accountant.

Best Regards,

Robert R. Grinnell, Secretary

We, of the Hot Springs Village Military Order of the Purple Heart Chapter #783, wish to thank each and all for your support and generosity in helping us to honor one of our nation's founders, George Washington, on his birthday, February 22nd.

One of our goals is to give recognition and honor to George Washington, not only as a founder of our nation, but also as our first president. He should be given special honor and recognition as the schools taught in yester years.

Your support and generosity in giving us time "on the air" communicating information contributed much to making our project the success it was.

As commander of our chapter, I must say despite the rain and poor weather conditions, our members served with the same dedication and patriotism as they did in combat.

God Bless America and George Washington.

Dear Ms. Wright,

The members of V.F.W. Post 10483 would like to send our sincere thanks to you and the Owners of KVRE for your help with our Voice of Democracy Program.

Thanks to your help and guidance of a group of High School students from both Jessieville and Fountain Lake Schools they were able to create high quality CD's from their prewritten essays. These CD's were judged on Originality, Clarity and Educational Value. This was made possible only through the good quality of the KVRE recording equipment and your guidance and supervision.

First Place Winners from both schools received checks from Post 10483 and advanced to the District Level. Diana Matei from the Jessieville High School won First Place at the District Level and will advance to the State Level for the next Level of Competitive Judging. I am sure she really appreciated the help you were able to offer her.

Second and Third Place Winners also received checks from Post 10483.

Dear Tom & Polly,

The Hot Springs Village Property Owners' Association would like to express our thanks for your sponsorship of the 3rd Annual Community Fair – “Our Community Rocks, Cruising for Members”.

Your assistance and that of your staff in the promotion, set-up and remote broadcast of the fair made it an outstanding success.

As this event continues to grow, your support and sponsorship provides the organizations in Hot Springs Village an opportunity to publicize themselves to the property owners.

Again, please accept our sincere thanks for an outstanding job.

"Swing for the Kids" Charitable Golf Tournament 2006
September 21st-Belvedere Golf Resort, Hot Springs, AR

Dear Entire Staff:

Thank you for providing the great publicity for our golf tournament this year. The event was an outstanding success thanks to your professional, enthusiastic promotion on the air. We had terrific results! We had a sellout for foursomes to play. With players and volunteers we had 180 persons from the community involved. The "spots" the several days before the event helped give us the early maximum signups. And, the greater good news is that we raised 38% more net income this year over last year! As a result, we can provide more educational scholarships for deserving students in our area and give more financial support to organizations who help children and their families.

We were very impressed with your staff's assistance. We had unanimous praise from all who participated in the tournament and for its purpose-to provide opportunities for the kids. I am sure you will benefit from doing this great service for the community. You have certainly helped to advance the image of the Kiwanis organization as well.

Thanks again to all of you!

Sincerely,

Bob B. Bob C.

Dear Tom,

Thank you for your added service this past Saturday, when you reconfirmed that our Kiwanis Barbecue was not rained-out, and cut-in on your programming to emphasize the point to your listeners.

When I phoned, I did not realize that you were satellite on Saturday. I was just responding to the folks at the Coronado Center who told me of receiving multiple calls to them saying we had a rain-out, and they heard it on a call-in show. Obviously, I should have known that it was a simple case of people mistaken about what they hear. Having been in broadcasting for many years, I above all, should have realized what happened.

Instead, I picked up the phone and called you just to make sure. You not only were very nice to take the time to tell me about the satellite programming...you even made the announcement knowing that there was never an error committed. I felt kind of foolish, after I had the time to figure out the sequence of non-events that made me call in the first place. When one is president of an organization, one gets bombarded when you walk in the door with problems participants feel need immediate attention. That was the greeting I got upon arrival at the Coronado Center...and I fell for it.

However, I had to tell you how much I appreciate your kindness. I knew your part was correct all along, because I did the "Take 5" with Len myself. Thorough the help of you and KVRE, we had a record attendance for Kiwanis Barbecue Day. Your radio station has always been incredibly professional and most accommodating.

I thank you very sincerely,

Jack Bullard
President

Dear Len;

On behalf of the children and parents of St. Jude Children's Research Hospital we (Zeta Chi members) want to thank you for assisting us in our *'Doin' Time for Kids'* on Tuesday, February 14th at Orr Pontiac Cadillac Toyota. All our 'jailbirds' were wonderful and their combined efforts helped raise over \$14,300 for continued research and treatment at St. Jude's.

We especially want to thank you for your support of our project by providing air time on "Take Five" to promote the hospital and its work. We try very hard to keep our expenses minimal so the money raised will go to research

Again thank you - you're contribution helps us give more!

Ann Becker, Zeta Chi *'Doin' Time for Kids'* Co-chair

May 10, 2007

Dear Ms. Wright,

Thank you so very much for all of your support of *The Caring Place*, especially the wonderful coverage by KVRE Radio on our behalf for our Rummage Sale ("This, That, & Bake Sale") on April 27 & 28. Your "public service" announcements telling about *The Caring Place* and our sale were extremely helpful. I am sure without the kind support of KVRE Radio; our sale would not have been the great success that it was.

It is truly wonderful that through this sale we can benefit so many families who are affected by Alzheimer's and related disorders via our Adult Day Respite Program, *The Caring Place*. The proceeds from the sale will be used for special projects at *The Caring Place* as well as the "Scholarship Fund" which assists those families who cannot afford the entire respite care fees. *The Caring Place, INC.*, an interfaith ministry, is sponsored by First United Methodist Church and a large group of Interfaith Volunteers.

Thank you, again, for your kind support of The Caring Place at KVRE Radio.

Sincerely,

Sally French

Dear Sir,

On behalf of the Ladies Guild and congregation of Faith Lutheran Church, we would like to express our thanks to KVRE for helping to publicize our recent Rummage/Craft/Bake sale by including it on the community service announcements. This successful venture enables us to meet our goals in funding mission projects! Your help is deeply appreciated! Thank you!

Sincerely,
