Dear FCC:

To Whom it May Concern:

Time has come for you to approve the merger! The DOJ has approved the merger and now it is up to you to make the right choice and stop dragging your feet. The merger would allow more choices for consumers. There is plenty of competition in the music industry with the IPOD, internet radio, CD, iTunes, Cell Phones, I Touch, and countless other media. Considering that both companies have been bleeding from the pocketbook the fact that they still are willing to offer reduced cost plans shows their commitment to customers. I urge you to make the right choice soon! Thanks for listening.Â

Sincerely,

Eugene Gonzalez
