CITY, STATE ZIP

Dear NAME 1,

Until recently, FamilyTel of Oklahoma, Inc. ("FamilyTel of Oklahoma") had been providing your local telephone service (dial tone) over the facilities of AT&T Oklahoma ("AT&T"). As you may be aware, FamilyTel of Oklahoma is no longer able to provide your local telephone service.

To prevent your service from being disconnected without notification to you, AT&T began providing local telephone service to you on May 22, 2008, for a limited transition period. You can continue receiving this service through June 23, 2008, which is the last day of this limited transition period.

Important: You have a choice in selecting the local telephone service provider you want to provide service to you. To continue to receive service after June 23, 2008, you must arrange for local telephone service with one of the local telephone service providers in your area. You must contact the local telephone service provider you prefer to arrange for service before June 23, 2008. Contact numbers for local telephone service providers in your area are available in your local telephone directory. You must make arrangements with a provider to actually begin providing you service *before* June 23, 2008 to avoid interruption of your service.

AT&T records indicate that as of May 22, 2008, you have not yet made your selection of a local telephone service provider. There is approximately one month before the limited transition period ends and your service will be disconnected. AT&T can not continue to provide service to you under the limited transition arrangement after June 23, 2008. You must make arrangements with a provider before June 23, 2008 to avoid interruption of your local telephone service.

Should you wish to continue receiving AT&T service after June 23, 2008, please call our business office. The telephone number for the AT&T business office in your area is available in your AT&T Southwest White Pages directory.

Remember, you must have replacement service up and running before June 23, 2008. If you fail to have replacement service up and running before June 23, 2008 you may not be able to keep the same telephone number for use with replacement service established after the limited transition service has been disconnected.

If you have changed your local telephone service provider since May 22, 2008, please disregard this letter. If you have any questions regarding this letter please call 1-800-667-1086 (press 3).

Sincerely,

Cheryl Becker
