

Please let the Christian Music stations stay on air it is the only station I really listen too besides classic music. Todays music is just not very good, and doesn't send a positive message. The Christian music stations do and that is what we all need right, positive, uplifting music to start and end our days. I have two small children and this is what we like to listen to know their are choices that us listeners support. The First Amendment protects the free exercise of religion. The government must not be allowed to impose rules that violate it. So please don't let this happen my whole family of 5 listens to these stations!!
