Re: MB Docket No. 07-57
Notice of Ex Parte Presentation

Dear Ms. Dortch:

iBiquity Digital Corporation (“iBiquity”), by its attorneys, hereby notifies the Commission, pursuant to Section 1.1206 of the Commission's Rules, of a meeting held on May 29, 2008 with Rick Chessen of Commissioner Copp’s office. iBiquity was represented by Albert Shuldiner (General Counsel) of iBiquity, and the undersigned.

At this meeting, iBiquity reviewed its proposal to require satellite radios that are able to receive analog AM and FM signals also include the ability to receive the terrestrial digital radio signals specified in MM Docket No. 99-325. iBiquity explained that this proposal will help promote the development of a level playing field between satellite and terrestrial digital radio. It further noted that the specifics of the proposal were designed to meet the production cycles of OEMs and non-OEMs.

A copy of this letter will be provided via e-mail to those in attendance. Any questions regarding this matter should be directed to the undersigned.

Respectfully submitted,

/s/ Robert A. Mazer
Robert A. Mazer
Counsel for iBiquity Digital Corporation

cc: Rick Chessen
