Re: Notice of ex parte presentation in the Matter of Utilities Telecom Council and Winchester Cator, LLC Petition for Rulemaking to Establish Rules Governing Critical Infrastructure Industry Fixed Service Operations in the 14.0 -14.5 GHz Band, RM-11429 (PN 5-27-2008)

Dear Ms. Dortch:

On June 2, 2008, the Satellite Industry Association (“SIA”) met with Aaron Goldberger, FCC Chairman Kevin Martin’s Legal Advisor on Wireless and International Issues, and FCC staff member Brent Greenfield.

SIA member representatives and staff participating in the meeting included: Alan Rinker, The Boeing Company; Jose Albuquerque, Intelsat; Bruce Olcott for The Boeing Company; Nancy Eskenazi, SES Americom; Karis Hastings for SES Americom; Steve Doiron, Hughes Network Systems; Giselle Creeser, Lockheed Martin; Doug Brandon, TerreStar Networks Inc.; Gregg Elias for SIA; President Patricia Cooper, and SIA Director of Regulatory Affairs Carolyn Roddy.

SIA’s discussion centered on UTC’s intended use of spectrum proposed to be allocated on a secondary basis through the petitioned rulemaking , the resulting risk of interference to licensed users in the subject spectrum, and the role to be played by Winchester Cator, LLC, a for-profit limited liability company.

Please direct any questions regarding this filing to the undersigned.

Sincerely,

A handwritten signature in cursive script that reads "Carolyn Tatum Roddy".

Carolyn Tatum Roddy

CC: Aaron Goldberger
