**Re: TerreStar Networks Inc.
WT Docket Nos. 07-195, 04-356, 07-16 and 07-30
Notification of Ex Parte Presentation**

Dear Ms. Dortch:

On June 2, 2008, Doug Brandon, Vice President, Regulatory Affairs, of TerreStar Networks Inc. ("TerreStar"), and Thomas Tycz, Senior Policy Advisor of this firm, met with Renee Crittendon, Legal Advisor to Commissioner Jonathan Adelstein, concerning the above-referenced proceedings. Messrs. Brandon and Tycz underscored the proximity of the proposed new AWS bands to 2 GHz mobile satellite service ("MSS") frequencies to be used by TerreStar, and they stressed the need to protect MSS handsets and base stations from harmful out of band emissions. The attached chart was given to Ms. Crittendon during the meeting.

Please direct any questions concerning this matter to the undersigned.

Sincerely,

Joseph A. Godles
Attorney for TerreStar Networks Inc.

cc: Renee Crittendon

AWS-2, AWS-3, and MSS Band Proximity
