Re: WT Docket No. 04-356, WT Docket No. 07-195

Dear Ms. Dortch:

On June 3, 2008, the undersigned and Peter Corea of ICO Global Communications (“ICO”), Doug Brandon of TerreStar Networks Inc. (“TerreStar”), and Tom Tycz, of Goldberg, Godles, Wiener and Wright for TerreStar, met with Bruce Gottlieb, Legal Advisor to Commissioner Michael Copps. ICO and TerreStar reiterated comments filed on the record in the above-referenced proceedings. ICO reviewed issues addressed in the attached presentation. TerreStar underscored the proximity of the proposed AWS bands to 2 GHz mobile satellite service (“MSS”) frequencies as outlined on the attached band diagram. Both ICO and TerreStar urged that any Commission action in the pending proceedings consider the potential impact on 2 GHz MSS systems and planned ancillary terrestrial components.

Respectfully submitted,

/s/Suzanne Hutchings Malloy/s/
