Re: *Ex Parte Notification*
WT Docket No. 07-195; WT Docket No. 04-356; WT Docket No. 02-353

Dear Ms. Dortch:

On June 4, 2008, the undersigned, on behalf of CTIA–The Wireless Association® (“CTIA”), had a telephone conversation with Amy Blankenship, Legal Advisor to Commissioner Deborah Taylor Tate. The parties discussed issues raised in the comments CTIA previously submitted in the above-referenced dockets. In particular, the parties discussed the mobile-to-mobile interference issues presented by H Block and AWS-3 operations. CTIA explained the importance of technical rules that adequately protect millions of customers utilizing adjacent spectrum blocks from harmful interference.

Additionally, CTIA expressed concern that, as the Commission works to complete the service rules for spectrum in the 2155 – 2180 MHz band, certain proposals could skew an auction to the benefit of one entity or business model. CTIA stressed the need for continued fair, open auctions with flexible service rules, rather than tailored conditions that may favor certain parties over others.

Pursuant to Section 1.1206(b) of the Commission’s rules, this *ex parte* notification is being filed electronically with your office.

Respectfully submitted,

/s/

Bryan N. Tramont

cc: Amy Blankenship
