Re: MB Docket No. 07-57  
Notice of Ex Parte Presentation

Dear Ms. Dortch:

iBiquity Digital Corporation (“iBiquity”), by its attorneys, hereby notifies the Commission, pursuant to Section 1.1206 of the Commission's Rules, of a meeting held today, June 6, 2008, with Elizabeth Andrion of Chairman Kevin Martin’s office. iBiquity was represented by Albert Shuldiner (General Counsel) of iBiquity, and the undersigned.

At this meeting, iBiquity reviewed its proposal to require satellite radios that are able to receive analog AM and FM signals also include the ability to receive the terrestrial digital radio signals specified in MM Docket No. 99-325. iBiquity explained that it did not support the proposal of U.S. Electronics for an open device requirement for satellite radio receiver. It noted that this proposal would not facilitate the distribution of HD Radio receivers or the promotion of a competitive marketplace.

A copy of this letter will be provided via e-mail to Ms. Andrion. Any questions regarding this matter should be directed to the undersigned.

Respectfully submitted,

/s/ Robert A. Mazer
