

KMSP – Minneapolis, MN

*This report covers the time period November 1, 2005 to October 31, 2007
(except where otherwise specifically noted).*

I. PROGRAMMING:

- a. **Local Newscasts:** KMSP airs 41.5 hours of local news each week, at the following times:
- Monday – Friday: 5 a.m. – 9 a.m.
 - Monday – Friday: 5 p.m. – 6 p.m.
 - Monday – Friday: 9 p.m. – 10 p.m.
 - Monday – Friday: 10 p.m. – 10:35 p.m. (first airdate 8/28/06)
 - Saturday: 7 a.m. – 9 a.m. (first airdate 8/5/06)
 - Saturday: 5 p.m. – 6 p.m. (first airdate 7/15/06)
 - Saturday: 9 p.m. – 10 p.m.
 - Sunday: 8 a.m. – 10 a.m. (first airdate 8/6/06)
 - Sunday: 5 p.m. – 6 p.m. (first airdate 8/6/06)
 - Sunday: 9 p.m. – 10 p.m.
 - Sunday: 10 p.m. – 10:35 p.m. (first airdate 9/3/06)
- b. **Breaking News Stories:** KMSP broke into and/or preempted regularly scheduled programming on numerous occasions in order to bring its viewers breaking news or disaster information, including extended reports on severe weather warnings, amber alerts, school closings, and other emergencies. Special coverage included breaking news, cut-ins and crawls following the I-35W bridge collapse in Minneapolis. KMSP's live reporting at the scene preempted regular programming across the Fox Television Network. A comprehensive list of cut-ins and crawls during the report period is attached as Exhibit 1.
- c. **Local News Stories:** KMSP aired many important local stories within newscasts that have provided service to the community. The following are a few highlights:
- I-35W bridge collapse: KMSP covered the lives of the victims' families and the efforts by the injured to rebuild their lives. Investigations undertaken by KMSP reporters led to the dismissal of senior state transportation officials.
 - School funding issues and the budget cutting process faced by many area school districts
 - State-wide smoking ban

- The death of former Twins baseball Hall of Famer Kirby Puckett in 2006 transcended the death of a sports figure. KMSP covered his sudden death with live reports from Phoenix and aired a live memorial special.

Additional information on the stations' coverage of local news stories is attached hereto as Exhibit 2.

- d. **Locally produced Programming:** KMSP is dedicated to serving the Minneapolis/St. Paul communities. The station created, produced and carried live the Top Teacher Awards Special in 2006 and 2007. The annual program is designed to highlight great educators in the area and each Top Teacher Award recipient is profiled on a newscast.
- e. **Political Coverage:** KMSP aired approximately 16.14 minutes 14 seconds of political coverage for the period September 17-30, 2006. In addition to KMSP's coverage of the President's State of the Union address, KMSP also aired the mayor's State of the Twin Cities speech on November 21, 2005. Attached as Exhibit 3 is a comprehensive list of topics discussed and airdates thereof.
- f. **Awards and Recognition:**
- 6 Associated Press awards (2006)
 - Photographer of the Year, awarded by the National Press Photographers Association (2007)
 - 8 Emmy Awards (2006)
 - 5 Emmy Awards (2007)
 - 5 Web Emmy Awards (2007)

A comprehensive list of awards and recognition received during the report period is attached as Exhibit 4.

II. **PUBLIC SERVICE ANNOUNCEMENTS:**

PSAs aired by KMSP, at no charge, for the period January 8-21, 2007 amounted to 54.30 minutes, including:

- Arbor Day Foundation
- Cyber safety
- Flu Immunization

- Global Warming
- Obesity Prevention for Kids – Exercise
- Peace Corps
- Wildlife Refuge
- Wilderness Protection

PSAs aired by KMSP, at no cost, for the period June 11, 2007 to June 24, 2007 amounted to 22.75 minutes, including:

- Amber Alert
- Arbor Day Foundation
- College Access
- Global Warming
- March of Dimes
- Obesity Prevention for Kids – Exercise
- Peace Corps
- Wildlife Refuge

PSAs specifically targeting or requested by community groups or addressing local issues for the period January 8 through January 21, 2007 totaled 24.60 minutes, including:

- American Heart Association Local Go Red Luncheon
- American Heart Association Local Walk
- Mentoring Partnership of Minnesota
- Minnesota Grown products/environmentally friendly
- Top Teacher Awards Nominations/education

PSAs specifically targeting or requested by community groups or addressing local issues for the period June 11, 2007 through June 24, 2007 totaled 39.45 minutes, including:

- Children’s Hospitals & Clinics of Minnesota Bicycle Festival
- Mentoring Partnership of Minnesota
- Minnesota Grown products/environmentally friendly
- Minority Business Awards
- Robyne Robinson & Jeff Passolt Encourage Local Volunteerism
- Top Teacher Awards Winners/education

In addition to the PSAs noted above, KMSP aired 11 minutes of PSAs for its own campaign, Weather Radio/Weather Safety, urging viewers to visit local grocery stores to purchase half price weather radios that alert them of approaching

severe weather. Additionally, \$1 from each radio sale benefited the Minneapolis YMCA.

PSAs paid for by a community organization totaled 14.40 minutes, aired in June 2007 on behalf of the Children's Hospitals & Clinics of Minnesota Bicycle Festival.

III. PARTICIPATION IN COMMUNITY

KMSP's on-air talent and behind-the-scenes employees have made a commitment to participate in the Minneapolis community. The station's employees take part in a variety of events and causes in and around Minneapolis, such as:

- Eden Prairie Chamber of Commerce
- Washburn Child Guidance Center
- Sierra Club
- Minnesota State Fair

KMSP and WFTC constantly gather information about the needs and interests of the members of their community, particularly by evaluating information received from the Twin Cities Broadcast Ascertainment Group. The group meets quarterly with community leaders representing a wide array of interests, including business, government, elderly, environment and minorities.

Station management, on-air talent and employees participate in numerous community organizations, such as the Humane Society for Companion Animals, "Walk for Animals" and Meals on Wheels. They also participate as members or directors of diversity and broadcasting organizations, such as the Asian American Journalists Association, Better Chance Foundation of Eden Prairie and the YMCA of Minneapolis.

Station employees have served as hosts, moderators, panelists or speakers at a number of discussions and community events, including:

- Emcee, General Mills Foundation's Black Champions Network Annual Gala
- Grand Marshal, River City Day Parade
- Host, the Governor's Dr. Martin Luther King, Jr. Statewide Celebration
- Guest Speaker. Mt. Olivet organization
- Speaker, Prairie View Elementary in Eden Prairie, MN
- Board of Directors, West Suburban Teen Clinic in Excelsior
- Participant, 2006 March of Dimes WalkAmerica

A list of the station's participation in the community is attached as Exhibit 5.

IV. **WEBSITE:**

All FOX 9 broadcasts are live streamed online, but not archived in full. Special categories, such as investigations, are archived on their own page. Traffic and weather data is available in real-time on *MyFoxTwinCities*. The live stream of the newscast is paired with a live chat section, allowing users to comment on the news as they watch it. News from SkyFOX9, the station's traffic helicopter, is streamed live when it is airborne. All other live events, such as press conferences and breaking news, are live streamed whenever possible.

Each weekday, FOX 9 news producers and web producers decide on a topic of debate. The topic is turned into a web poll with a user chat room. Portions of the chat transcript are read back live on the 5:00 p.m. newscast.

All viewers have the opportunity to create and author blogs at <http://community.myfoxtwincities.com/>. While the blog interface has moderation settings to keep track of inappropriate language, the blog community is allowed to write any opinion on any topic without censorship. Some FOX 9 reporters, anchors and web producers maintain blogs to give provide additional information on newsgathering and to expand on published stories.

KMSP produces live, web-only programming for *American Idol*, Minnesota high school hockey games, NFL football games and other sports activities. The online shows have one or more hosts, as well as guest appearances. Some shows are produced in-studio, and others are staged in a less formal setting. All web-only shows are recorded and are available for playback in their entirety within 48 hours following the webcast.

Almost all of the daily news video packages are edited and posted online, with playback access from a flash-based video player. This allows any computer user, regardless of the operating system, to view the video online.

EXHIBIT 1

KMSP/WFTC **BREAKING NEWS/CUT-INS**

KMSP aired special breaking news reports and special half-hour pre-produced shows , such as:

KMSP keeps its viewers aware of disaster warnings due to weather and also airs Amber Alerts, school closings and other events of public interest and safety. KMSP interrupts regularly scheduled programs with cut-ins when necessary in addition to crawls and squeezebacks alerting viewers of the situation. All of these systems are designed to keep viewers advised of things such as severe weather, election results, station operating at reduced power, etc. Examples of these warnings include:

Date	Time	Program	Notice

EXHIBIT 2

KMSP – MINNEAPOLIS, MN LOCAL NEWS

KMSP has aired many important local stories within newscasts that have provided service to the community. The following are a few highlights.

Government/Politics:

Throughout 2006, KMSP provided heavy coverage of races for local political offices including races for Minneapolis and St. Paul Mayors, Minnesota Governor and the eight Minnesota congressional seats. KMSP provided daily reports from our State Capitol office as well as assigning crews to follow various candidates across the state. Our

coverage culminated in the November elections. KMSP continues to follow the presidential campaigns, traveling to Iowa for live coverage of the nation's first caucus.

Business/Economy:

KMSP recognized early on the beginning of the housing bubble bust and covered stories that affected our community. KMSP concentrated on stories that not only reported unfolding events but also stories that gave viewers tips and ideas to help their personal finances.

Another major business story was the labor unrest at Northwest Airlines. Beginning with pickets and a strike in 2006 to the eventual bankruptcy and reorganization process in 2007, KMSP reported on these events but also on the affects on our community's economy and the people who live here.

Education:

KMSP recognizes the importance of Education in our community and covers issues facing our schools. KMSP concentrated on school funding issues and the budget cutting process that many area school districts faced in 2006 and again in 2007. Stories covered efforts by school districts and parents to cope with these cuts. KMSP also ran a series of education stories in our morning newscasts which focused on education tips for parents and kids. KMSP honors area teachers with the TOP Teacher Award which highlights the contributions of local teachers. These stories are carried in several of our newscasts and culminate in a News Special broadcast in the spring.

Health

The State of Minnesota began the legislative process of passing a state wide smoking ban in 2006. KMSP covered this issue with stories on the health benefits debate surrounding the bill. The effects on workers' and patrons' health as well as the health of the local entertainment businesses were issues reported in KMSP newscasts.

The Daily Dose is a segment focusing on health stories and issues which are featured in our newscasts.

Disasters

KMSP covers major disasters that affect our community. In 2005 KMSP sent crews to cover the aftermath of Hurricane Katrina. We covered the local relief efforts and followed the lives of displaced families who came to Minnesota seeking help and new lives.

On August 1st, 2007 the I-35W Bridge collapsed in Minneapolis killing thirteen people and injuring one hundred forty five others. KMSP covered the initial collapse with four hours of continuous coverage. We continued to cover the story throughout the rest of 2007 and continue to cover issues related to the incident today. As a result of investigative stories by KMSP the head of Emergency Response for the Minnesota Department of Transportation was fired. Later the Commissioner of the Minnesota Department of Transportation was forced to resign. KMSP covered the lives of the victims' families and the efforts by the injured to rebuild their lives. We covered the first responders and other rescue workers. KMSP provided coverage locally and nationally.

Weather

Weather can pose dangers to our community. KMSP provides weather alerts when ever a threat is detected. From school closing alerts and blizzard warnings to tornado alerts. We also cover the results of those storms. Several tornadoes caused damage in 2006 and 2007 saw several fatalities caused by severe weather. KMSP provided continuous alerts and live coverage of the fatal storm near St. Peter in 2007. We followed the clean up and rebuilding of the town.

Community

4

The death of former Twins baseball Hall of Famer Kirby Puckett in 2006 transcended the death of a sports figure. Puckett was universally admired and loved by fans and non fans alike. KMSP covered his sudden death with live reports from Phoenix and aired a live memorial special.

KMSP sponsors various community projects and covers many fund raisers. KMSP included live fund raising in our 5pm and 9pm newscasts for food shelf relief organizations in 2006 and 2007.

Crime

KMSP covers crime stories that affect our community. Stories focus not just on the act but on its effect on the victims, their families and on the neighborhoods. KMSP covered the shooting death of a St. Paul police officer in 2006. This included live coverage of the man hunt for his killer and warnings to the general public. KMSP provided 3 hours of live coverage of his funeral. We also investigated the background of Officer Vick and the undercover assignment that lead to his death, raising questions of the events of that night.

KMSP covered the shooting death of Lacquesha Johnson, a 14 year old girl killed by a stray bullet while doing her school work in her home. The community outrage and KMSP coverage helped bring arrests and charges against two men with gang connections. KMSP focused on the neighborhood's efforts to cope with this killing and cut down on gang activities.

Arts/Entertainment

KMSP covers local arts and entertainment events that have a cultural impact on our community. The world famous Guthrie Theatre moved into its new home on the Minneapolis river front in 2006. We followed the construction of the building and the theater's first production.

KMSP followed efforts to pass a bill to attract Hollywood production to the state of Minnesota in 2007.

WFTC - MINNEAPOLIS, MN

WFTC has aired many important local stories within newscasts that have provided service to the community. The following are a few highlights.

Government/Politics

Throughout 2006 WFTC provided heavy coverage of races for local political offices including races for Minneapolis and St. Paul Mayors, Minnesota Governor and the eight Minnesota congressional seats. WFTC provided daily reports from our State Capitol office as well as assigning crews to follow various candidates across the state.

Business/Economy

WFTC recognized the importance of the economy to our viewers and covered stories that affected our community. WFTC concentrated on stories that not only reported unfolding events but also stories that gave viewers tips and ideas to help their personal finances.

Education

WFTC recognizes the importance of Education in our community and covers issues facing our schools. WFTC concentrated on school funding issues and the budget cutting process that many area school districts faced in 2006. Stories covered efforts by school districts and parents to cope with these cuts.

Health

The State of Minnesota began the legislative process of passing a state wide smoking ban in 2006. WFTC covered this issue with stories on the health benefits debate surrounding the bill. The effects on workers' and patrons' health as well as the health of the local entertainment businesses were issues reported in WFTC newscasts. WFTC covered local efforts to help combat the spread of the Bird Flu in 2006.

Disasters

WFTC covers major disasters that affect our community. In 2005 WFTC sent crews to cover the aftermath of Hurricane Katrina. We covered the local relief efforts and followed the lives of displaced families who came to Minnesota seeking help and new lives.

Weather

Weather can pose dangers to our community. WFTC provides weather alerts when ever a threat is detected. From school closing alerts and blizzard warnings to tornado alerts. We also cover the results of those storms. Several tornadoes caused damage in 2006. WFTC provided continuous alerts and live coverage of the storm near Balsam Lake, Wisconsin in 2006. We followed the clean up and rebuilding of the town.

Community

The death of former Twins baseball Hall of Famer Kirby Puckett in 2006 transcended the death of a sports figure. Puckett was universally admired and loved by fans and non fans alike. WFTC covered his sudden death with live reports from Phoenix and aired a live memorial special.

Crime

WFTC covers crime stories that affect our community. Stories focus not just on the act but on its effect on the victims, their families and on the neighborhoods. WFTC covered the shooting death of a St. Paul police officer in 2006. This included live coverage of the man hunt for his killer and warnings to the general public. WFTC provided live coverage of his funeral.

In 2006 WFTC covered the shooting death of Lacquesha Johnson, a 14 year old girl killed by a stray bullet while doing her school work in her home. WFTC focused on the neighborhood's efforts to cope with this killing and cut down on gang activities.

Arts/Entertainment

WFTC covers local arts and entertainment events that have a cultural impact on our community. The world famous Guthrie Theatre moved into its new home on the Minneapolis river front in 2006. We followed the construction of the building and the theater's first production.

2007 EMMY AWARDS:

Title	Category	Date	Description
Room To Live	General Assignment Report - No Time Limit	Oct. 07	A unique in depth look at the importance of seatbelts.
Con-Dough Game	Business/Consumer News Single Story/Series or Feature	Oct. 07	Real Estate rip-offs skyrocketed when the housing market went crazy. We found one young man who thought he was making an investment. Turns out a career criminal talked him into a deal that would cost him his financial future. We investigate how a career criminal can even work as a mortgage loan broker. Our investigation resulted in the Commerce Department taking the licenses of both the mortgage broker and the real estate agent. We also help consumers learn how to background the people they're trusting with their financial information.
R U In-Text-icated?	Teen Program Feature/Segment/Special	Oct. 07	This convincing report, produced in a style that appeals to teens, documents how many of them are text messaging while driving and how dangerous that can be.

Signature Stories	Magazine Program	Oct. 07	Signature Stories is a half hour program consisting of entertaining and informative features. The program is a platform for the local stories and places you don't hear about every day. These are the memorable stories produced by our photojournalists to give us an extraordinary glimpse into everyday people's work and lives.
Composite	Lighting - Studio	Oct. 06	This is a composite of our highly produced pieces and the effective studio lighting designed and lit by the entrant.
Andy Shilts Composite	Photographer - News	Oct. 07	Andy Shilts News photographer composite. 3 three stories: "milly", "motown adams" and "the harmonicats"
Ham Lake Bus Crash	Advanced Media: Continuing Coverage (Affiliated)	Oct. 06	On December 8, 2006 a school bus crash in Ham Lake injured 25 people. MyFOX9.com visitors were immediately on the scene of the crash with live streaming video from cameras on the ground. MyFOX9.com continued to follow the story, bringing updates in the investigation and important contact information to parents of McKinley Elementary students. An online photo gallery of the crash scene brought powerful images to the viewer at home.
Catch 'Em If They Can	Advanced Media: Investigative Report (Affiliated)	Oct. 07	In a February story from the FOX 9 Investigators, Jeff Baillon went to the U.S.-Mexico border to show how illegal immigrants enter the country and what is being done to stop them. A MyFOX9.com enhanced version of the story features raw night-vision video of border crossing and drug dealing attempts as well as a ride-along with a U.S. Border Patrol agent.
American Idol: On The Scene	Advanced Media: Arts/Entertainment (Affiliated)	Oct. 07	Auditions for American Idol came to Minneapolis in Season Six. MyFOX9.com was able to bring Idol fans behind-the-scenes interviews of hopeful contestants during the audition process. A live chat allowed viewers to interact with each other during the show from the audition process to the season finale. Jason Matheson maintained a blog during the show, discussing outcomes with fans and providing his own opinions.

My Family Simpsons on myfox9.com	Advanced Media: Online Marketing Initiative (Affiliated)	Oct. 07	To boost awareness of the launch of our newly designed website "myfox9.com", our marketing web team crafted an innovative web marketing campaign to take advantage of the thousands of people who would visit our booth at the Minnesota State Fair and forcing them with a great incentive to visit our website after their Fair visit. The Web Marketing Team designed a life size FOX "Simpsons Family" standee-cutting out the character's faces so that Fair fans could replace the Simpsons face with their own family members. The photos we captured at the fair were digitally placed into our web server along with a station branded photo frame that we designed. When the families accessed our website to view their family photos, they scanned through our files sorted by time and date to find their family shot. It gave each family a fun free photo - capturing a great moment for each family! The campaign was a great success not only in branding the station on thousands of new family photos, but also getting a huge blast of new users to sample the new website.
myfox9.com	Advanced Media: Web Site Design/Usability (Affiliated)	Oct. 07	myfox9.com launched as a new web experience with some breakthrough technical advances for Minnesotan users, and it is quickly rising to the top as the website of choice for twin cities users.
Spring Storm Coverage	Newscast-Daytime (Mkts 1-20)	Oct. 07	High winds a hail sweep through the Twin Cities' suburbs.
Electric Beach Tan	General Assignment Report - Within 24 Hours	Oct. 07	One man's tanning salon.....
Downtown 33	General Assignment Report - No Time Limit	Oct. 06	This report shows the alarming cost a city has to pay for nuisance crimes. We show in detail how this problem affects the city, both on the streets and in the courts. It also gives a personal look at the people being affected by a system that allows them to continue to fall by the wayside.
Border Buzz	General Assignment Report - No Time Limit	Oct. 07	A examination of the smuggling of high grade marijuana from Canada.
Honesty Lots	General Assignment Report - No Time Limit	Oct. 06	This story shows how parking lots designed to work on honesty were working against the customer. People complained of being towed despite paying. We did surveillance on the lots and was able to show how tow companies benefited the most. Changes were made immediately after our story aired.
Le Seur County Tornado	Breaking News	Oct. 06	Breaking News

Professional Panhandlers	Investigative Report - Single Story	Oct. 06	A married couple make their living off the rest of us. They stand on the same corner, the same time, during the work week panhandling. They hold signs claiming to be down and out with no place to live. FOX 9 News followed them for days to see if they're as homeless as they pretend to be.
Cars For Sale	Investigative Report - Single Story	Oct. 06	Our investigation spotlighted a problem not many car buyers are aware of. And one the state can't monitor effectively. We showed how both licensed and unlicensed car dealers can deceptively lure buyers to their business. We went undercover to expose how some dealers misrepresent the cars they are selling. It took weeks to arrange the undercover meetings. Our investigation included researching the history of the cars; and ultimately showing why authorities can't keep track of illegal car sales. As a result of our story, one of the unlicensed dealers we portrayed is no longer able to sell illegal cars. And the other dealers have changed the way they do business.
Leaks in the System	Investigative Report - Series	Oct. 07	Series about flawed system of drug testing for transportation workers. The series prompted a federal investigation.
War & Family	Feature News Report - Within 24 Hours	Oct. 06	A Minnesota family of 6 becomes 8 when they take in two children after their parents are called to duty overseas.
Motown Adams	Feature News Report - No Time Limit	Oct. 07	A singing janitor at the south minneapolis YMCA, whose life has been everything but easy.
A Song in Her Ailing Heart	Feature News Report - No Time Limit	Oct. 07	A 3-year-old girl is born with only two chambers in her heart, and is waiting for a life-saving transplant.
The Fishing Hat Bandit	Feature News Report - No Time Limit	Oct. 06	A profile of the Fishing Hat Bandit.
Deer Dollars and Scents	Business/Consumer News Single Story/Series or Feature	Oct. 06	A lively, innovative consumer test on a product for which hunters spend millions of dollars a year.
Cell Phone Switch #1 & 2	Business/Consumer News Single Story/Series or Feature	Oct. 06	Who doesn't have a cell phone these days? It is a major purchase for consumers. Our story exposed one company's aggressive sales tactics. We went undercover to show how customers were misled into thinking they did not have to pay hefty termination fees. In part 2, former employees talked about the company's questionable practices.
Dome Missteps	Business/Consumer News Single Story/Series or Feature	Oct. 06	A creative examination of a problem that, for years, has been tripping up Minnesota Twins, Gophers and Vikings fans at the Hubert H. Humphrey Metrodome.

Tyler's Chance	Health/Science News Single Story/Series or Feature	Oct. 07	A teenage boy fights a rare neurological disorder. An experimental surgery could change his life.
Climate Change in Minnesota	Health/Science Program Feature/Segment/Special	Oct. 07	This is a program exploring climate change - the science behind it, what the consequences may be, and what we can do about it
Jeff Christian Editing Composite	Editor - News	Oct. 07	Jeff Chrisitan Editing Composite
Dawn Mitchell - Sports Composite	Anchor - Sports	Oct. 06	This is a composite for sports anchoring in the studio and in the field. It is in 3 sections. 1. Live field anchoring part of a 2 hour live special "Twins Magic". Live in lockerroom with team after clinching the Central Division Championship.2. A complete sportscast in studio beginning with the hiring of Tubby Smith as head basketball coach of the University of Minnesota. 3. Field anchoring/voice over of the moment the Twins clinched the title. Players celebrating and sharing it with fans in the Metrodome.

EXHIBIT 5

KMSP – MINNEAPOLIS, MN COMMUNICATION WITH THE COMMUNITY

The Community Affairs Director voluntarily attends Twin Cities Broadcasters Ascertainment Group meetings on a biannual to quarterly basis, as schedule permits, for half-day meetings to hear from various community members to ascertain issues of importance. These issues are then considered for use in PSAs and News segments. Examples of issues discussed are:

Elderly: Dakota Area Resources and Transportation for Seniors - Elders in our communities are raising their grand children. Over 90% of the elders are getting their care provided to them by their family. The water cooler chat more often than not now is how's your parents? Not how's your kids doing? Alzheimer's disease, stroke and Parkinson's disease are some of the senior leaders' health issues. Sr. mobility is their number one concern. Sr.'s are an asset / resource in our community. Seniors are seeking enriching volunteer opportunities. They help with reading buddies for kids in grade schools.

Women's Organizations: The Jeremiah Program - HR should hire more diverse communities of color at businesses. We should see more people of color on the News programs. She's very concerned about how light rail is going to divide communities especially on University Avenue in St. Paul.

Customer Affairs/Consumer Enforcement: Minnesota Attorney General's Office - A number of interesting handouts re identity theft.

The Community Affairs Department also has an e-mail specifically for community concerns at KMSP called *Community 9*. Emails include requests for talent, donations, on-air support and news coverage. They are checked several times per week and are given responses when appropriate.

Ascertainments

On-air talent, management and behind-the-scenes staff participate in many local community organizations and charities, as follows:
