Re: WT Docket No. 04-356, WT Docket No. 07-195

Dear Ms. Dortch:

On June 10, 2008, the undersigned of ICO Global Communications (“ICO”) had telephone conversations with Angela Giancarlo, Chief of Staff and Senior Legal Advisor to Commissioner Robert McDowell and Renee Crittendon, Legal Advisor to Commissioner Jonathan Adelstein. In addition, Peter Corea of ICO had a conversation with Wayne Leighton, Special Advisor to Commissioner Deborah Taylor Tate. ICO reiterated comments filed on the record in the above-referenced proceedings.

ICO also noted developments in the AWS-II docket since the closing of the comment period in that proceeding, and their impact on the potential for interference to its satellite and to mobile satellite user devices from adjacent band services. ICO urged that any Commission action in the pending proceedings consider the potential impact on 2 GHz MSS systems and planned ancillary terrestrial components.

Respectfully submitted,

/s/Suzanne Hutchings Malloy/s/
