President & Chief Executive Officer

Chairman Kevin J. Martin
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Martin:

It is a pleasure to write you concerning the valuable service rendered by CBS Radio in Las Vegas, Nevada.

The National Committee to Preserve Social Security and Medicare is a non-partisan, non-profit membership organization devoted to protecting health and economic security in retirement. One of our major methods is to educate our members and the general public on our issues. Through this education, we believe seniors and their families can best advocate for themselves, especially with Members of Congress.

Mr. Herb Perry of CBS Radio in Las Vegas has interviewed staff and volunteers from the National Committee, allowing us to reach a much broader audience than those who come to our presentations. This has been a service to our organization and to the community, since providing information about Social Security and Medicare allows community members to make their own decisions about how valuable the programs are to them and to contact their Senators and Representative to let them know how they feel.

The efforts of CBS radio to reach out and serve the community in this way are beneficial not only to our Organization, but especially to Las Vegas residents and visitors who want information about Social Insurance programs. We greatly appreciate the opportunities provided by the radio station.

Sincerely,

Sue F. Ward
Director of Grassroots
