

Dear Sirs,

Please keep the air waves open for Christian radio.

The First Amendment protects the free exercise of religion and by imposing these rules that would be violated. The FCC must not force radio stations to take advice from people who do not share their values, those people are free to change the station and listen to what ever they want, things that affirm their values; I should have the same freedom to listen to radio that affirms my values! Please don't take that away from me!
