Dear FCC:

When big oil merger they didn't have to give free oil to minority groups nor did the drug companies. The government is flawed because lobbyist groups pay big monies to bribe democracy. I don't see the ipod, hd radio or terrestrial radio having to put satellite radio in every product they sell. Why bother to vote anymore, it all comes down to who pays who more. It's a shame..... The democrats want more given away for free, why?? Investor's paid billions, why should anything be given away for free?

Sincerely,

Shawn Smith
