**Re: MB Docket No. 07-57**

Dear Ms. Dortch:

On June 25, 2008, Jeff Nelson of American Public Media and Vin Weber of Clark & Weinstock met with Elizabeth Andrion, Legal Advisor for Media Issues for Chairman Kevin Martin to discuss American Public Media's previously filed comments regarding the XM-Sirius license transfer review proceeding (MB Docket No. 07-57).

American Public Media restated arguments consistent with its comment filed on June 20, 2008, and urged the Commission to impose a 25 percent set aside condition of the total satellite radio spectrum (SDARS) for non-commercial public service channels, minority broadcasters and emergency services.

Sincerely,

Jeff Nelson  
American Public Media
