Re: Billed Entity Name: Plainfield Public Library  
Billed Entity # 122725  
Application #: 638109  
Docket No. 02-6

We are hereby filing an appeal for the Plainfield Public Library to be considered "In Window" for funding year 2008.

1. The 470 filing date was missed for reasons beyond our control. Prolonged billing issues with Verizon carried us past our deadline for the 470 filing.
  - a. Verizon created 3 new account numbers for our agency, for which we were unable to verify Spin numbers.
  - b. This required repeated attempts to reach a new account representative, and only after numerous conversations with him were we able to get the SPIN numbers verified for our 470 filing.
  
2. Consequently, the 471 filing date of 2/07/08 was missed by 22 days due to the mandatory 28-day waiting period after filing the 470.

It was only due to the series of events described above that we were unable to meet our deadline for the 470 and 471 filings. We therefore respectfully request that the Plainfield Public Library be considered "In Window" for funding year 2008.

Sincerely,

Joseph H. DaRold  
Director
