

Dear Commision,

After 18 long months of waiting for this merger to happen and still no merger or an answer for that matter. After reading a press release that was put out by john kerry and his colleagues asking that there be 50% spectrum given out to another radio is absurd.

Both these companies have paid there dues and spent billons on this spectrum to hold it and run a business and not to give it away.

There are mergers of yahoo and microsoft,airlines, J.P AND bEAR STERNS heck in that case the feds helped jp buy bear sterans. I am

filling a class action lawsuit on behalf of many siri and xm

subscribers due to your complete incompetence as well as many investors who have been hurt by your actions and lack of doing your job. There are many many of these write up begging you to get this

merger done. You and your teM ARE WHAT IS WRONG WITH AMERICA MY ATTORNEY WILL BE IN TOUCH. I HOPE YOU ARE READY FOR REAL MEDIA

ATTENTION AS I HAVE A MEETING SCHEDULED WITH THE PRESS FOR THE DAY OF FILLING
