## COMMISSION RELEASES SOURCES SOUGHT ANNOUNCEMENT SEEKING CONTRACTOR TO BUILD AND OPERATE CENTRALIZED DATABASE FOR INTERNET BASED TELECOMMUNICATIONS RELAY SERVICE NUMBERING SYSTEM

CG Docket No. 03-123  
WC Docket No. 05-196

On June 24, 2008, the Commission released a Report and Order adopting a system for assigning North American Number Plan (NANP) ten-digit telephone numbers to Internet-based Telecommunications Relay Service (TRS) users.<sup>1</sup> In this Order, the Commission determined that a centralized numbering directory mechanism will be employed to map the NANP telephone numbers assigned to Internet-based TRS users to an appropriate Internet address (or other appropriate endpoint identifier). The Commission further determined that a neutral third-party administrator will build, maintain, and operate the central database. As set forth in the Order, the neutral database administrator must be selected, and must construct the database, work with industry to populate the database, test the functionality of the database, and be prepared to support ten-digit numbers for Internet-based TRS users no later than December 31, 2008.

To this end, today the Commission posted a Sources Sought Announcement on the Government Wide Point of Entry (*FedBizOpps*), available at <https://www.fbo.gov>, seeking a contractor capable of implementing and operating the centralized numbering directory. Based on the results of this notice, a Request for Quotation to federal supply schedule holders (*i.e.*, GSA schedule) or Combined Synopsis and Solicitation to commercial non-schedule holders will be issued. As stated in the Sources Sought Announcement, those interested sources capable of providing a business solution that can be awarded within 15-20 days after the issuance of the solicitation are encouraged to send an e-mail to Arnett Rogiers, Administrative Operations, Office of the Managing Director, [arnett.rogiers@fcc.gov](mailto:arnett.rogiers@fcc.gov). For further information, refer to the Sources Sought Announcement, available at <https://www.fbo.gov>.
