Re: MB Docket No. 07-57  
Notice of Ex Parte Presentation

Dear Ms. Dortch:

iBiquity Digital Corporation (“iBiquity”), by its attorneys, hereby notifies the Commission, pursuant to Section 1.1206 of the Commission's Rules, of a meeting held on July 1, 2008 with Commissioner Robert McDowell and Cristina Chou Pauzé, Angela Giancarlo, Nick Compisano and Joanna Ng all of Commissioner McDowell’s office. iBiquity was represented by Robert Struble (CEO) and Albert Shuldiner (General Counsel) of iBiquity, and the undersigned.

At this meeting, iBiquity reviewed its proposal to require satellite radios that are able to receive analog AM and FM signals also include the ability to receive the terrestrial digital radio signals specified in MM Docket No. 99-325. iBiquity explained that it did not believe the conditions proposed by XM and Sirius would facilitate the distribution of HD Radio receivers or the promotion of a competitive marketplace.

A copy of this letter will be provided via e-mail to those in attendance. Any questions regarding this matter should be directed to the undersigned.

Respectfully submitted,

/s/ Robert A. Mazer
