Re: Ex Parte Presentation in: WT Docket No. 07-293, IB Docket No. 95-91, Gen.  
Docket 90-357, RM No. 8610

Dear Ms. Dortch:

This letter provides notice that on July 8, 2008, Kurt Schaubach and Jennifer McCarthy of NextWave Wireless Inc. ("NextWave"), along with Paul Sinderbrand on behalf of the WCS Coalition, participated in a telephone conversation with Julius Knapp and Ira Keltz of the Office of Engineering and Technology regarding the above captioned proceedings.

The participants discussed recent filings made by the WCS Coalition, as well as those of XM Radio Inc. and Sirius Satellite Radio Inc., on whether additional testing of WCS-SDARS interference would bring any further value to the record if it does not include an assessment of the impact of real world operating conditions. Also discussed were the technical rule proposals made by the WCS Coalition in previous filings. The views expressed were consistent with previous filings by NextWave and the WCS Coalition.

Respectfully submitted,

Jennifer M. McCarthy  
Vice President, Regulatory Affairs  
NextWave Wireless Inc.

Cc: Julius Knapp
