**Re: Notice of Oral Ex Parte Presentation
Regarding Docket Nos. ET 04-186 & 02-380**

Dear Ms. Dortch:

This is to report that yesterday, July 10, 2008, Dr. Paul Jacobs, Matt Grob, Michael Meece, and I met with Chairman Kevin Martin, Aaron Goldberger, and Brent Greenfield. During the course of the meeting, we discussed the above-referenced proceedings. We reiterated positions contained in Qualcomm's filings in these proceedings. We urged the Commission to license and auction the TV White Space. We discussed the potential use of this spectrum for a variety of innovative and exciting licensed services covering wide areas. We also discussed the inherent difficulties in trying to deploy a wide area service on an unlicensed basis, and the fact that there is a total of 11 GHz of spectrum already allocated for unlicensed, which is well suited for local area services.

Respectfully submitted,

/s/ Dean R. Brenner
