Re: For the following dockets, ex parte communication pursuant to Section 1.1206 of
the Rules:

94-102, 05- 196, 07-114

Dear Ms. Dortch:

On Thursday and Friday, July 10 and 11, 2008, WirelessWerx CEO Steve Artim,
Director of 9-1-1 and University Sales Bill Munn and the undersigned met with the
legal advisors on wireless matters for each Commissioner except Commissioner
Copp. We also met with OET Chief Julius Knapp and members of his staff, as well
as PSHSB Deputy Chief Erika Olsen and several of her colleagues.

We spoke from an ex parte communication filed June 3rd, attached for convenience,
plus two additional slides also attached. We discussed a forthcoming major
university dormitory buildings trial in the fall expanding on the earlier trials
mentioned in the June 3rd comments. WirelessWerx said that among the results of
the new trial which it hoped to share with the FCC would be cost data on
installation and PSAP outfitting which would augment the \$10 or less cost of the
physical node on which precise floor and room location in buildings depends.

Please direct any questions to the undersigned.

Sincerely,

MILLER & VAN EATON, P.L.L.C.
