relating to DTV Consumer Outreach

This is report that as of July 16, 2008 no DTV education or outreach has been performed.

Licensee apologizes for this filing being 6 days late. I realize that the Grant Date is listed as June 26, 2008 and anything prior to July 1, 2008 requires a report, but I just received the license this week. I will be looking into better complying with the requirements over the next two quarters and providing better input.

In Summary: No specific efforts were made by the licensee in the three weeks that he has had the license.

This report was filed after reviewing MB Docket No. 07-148 by the licensee, Scott D. Reiter,

on 7/16/08 via the ECFS System.

Respectfully Submitted,
