Re: Notice of Ex Parte Presentation in MB Docket No. 07-57

Dear Mrs. Dortch:

On Tuesday, July 15, 2008, Mark P. Mays, Chief Executive Officer of Clear Channel Communications, Inc. ("Clear Channel") discussed with Commissioner Tate, Clear Channel's concerns consistent with its earlier filings in this proceeding regarding the proposed XM-Sirius merger. Specifically, he reiterated the importance of reducing the risk that the merged company will use its newfound market power to stifle HD radio in its infancy. To that end, the Commission must ensure that consumers have equal access – genuine access to HD technology in the future by requiring that all future satellite radio devices be required to receive subscription-free HD radio signals.

Pursuant to Section 1.1206 of the Commission's Rules, 47 C.F.R. § 1206, one electronic copy of this letter is being filed in the above-referenced docket. Please direct any inquiries concerning this matter to the undersigned.

Respectfully submitted,

/s/

Jessica Marventano

Senior President, Senior Vice President, Government Affairs, Clear Channel Communications, Inc.
