

Commissioners,

In meeting with the media bureau, I was asked if I had presented these monopolistic practices to my local government. Below please find the response to my email from the FL state Governns office. Please note this is the first response since I started sending written letters and email 6 months ago. I still have not heard from the Attorney general or my local representatives. I did receive a call from the Public Service Commission from the state of FL suggesting I contact my local representatives. I was also informed that the PSC is only responsible for public utilities.

Thank you for contacting Governor Charlie Crist. The Governor is sorry to learn of a dispute with a homeowner's association and those from whom the association purchases telecommunications services. The Governor asked that I respond on his behalf.

The Florida Constitution limits the Governor's intervention in matters that should be resolved through the court system. The person who can best answer your legal questions is an attorney. If you need assistance in locating an attorney, please call the Florida Bar's Referral Service at 1-800-342-8011. For those unable to afford a lawyer, Florida Legal Services or your local legal aid office has information about the availability of pro bono counsel. The main telephone number for Florida Legal Services is 850-385-7900.

Thank you again for taking the time to contact Governor Crist. Please know this is due to lack of jurisdiction, not a lack of concern.

Sincerely,

Warren Davis  
Office of Citizen Services
