To Our Valued Customers:

As you are aware, A.R.C. Networks, Inc. became part of the Broadview Networks corporate family nearly a year ago. Over the past year, we have been working diligently to integrate the A.R.C. Networks and Broadview operating systems to provide you the best communications services possible. Having successfully completed this integration, we have recently requested regulatory approval to transfer your account and services from the former A.R.C. Networks entity to Broadview Networks, Inc. As a result, on or after September 1, 2008, Broadview Networks will become your new telecommunications provider.

This transfer will not affect your current service. Your telephone numbers will all remain the same and you will continue to enjoy all of the features, terms and conditions of service, including the current pricing, that you enjoy today. No carrier change charges will be applied in connection with your transfer to the new combined entity. **NO ACTION ON YOUR PART IS REQUIRED.**

We look forward to being able to serve you with even more capabilities than before, while ensuring the same high levels of insight, attention and care that you have come to expect from A.R.C. Networks. In fact, we are confident that the combination of A.R.C. Networks and Broadview creates an even more competitive, responsive partner for your business. Of course, you always have the option of selecting another carrier (subject to any termination restrictions in your current contract), but there is no need to take any action to maintain your service with Broadview Networks.

We thank you for your loyalty and we appreciate the continued opportunity to provide you with the highest value in competitive telecommunications and network services.

Please note the following:

- If you opt to move your services to another provider prior to the end of the term of your existing contract with A.R.C. Networks/Broadview, you may be responsible for early termination penalties.
- If you have placed a "freeze" on your A.R.C. Networks service, it will be lifted to implement the transfer of your account and services to Broadview Networks. At your request, we can re-establish freeze protection for you after the transfer is complete.
- For all questions, billing requests, repairs or service needs, please call 800-562-4206 to reach a service professional. Please use this number for any issues you may have experienced prior to or during the transfer of your account.
- Notice of any future changes in rates or terms and conditions of service will be promptly provided to you as required by law.
