Federal Communications Commission  
Office of the Secretary

To: The Secretary, Federal Communications Commission  
Attn: Assistant Chief, Audio Division, Media Bureau

COMMENTS AND COUNTERPROPOSAL

White Park Broadcasting, Inc. ("White Park") submits these Comments and Counterproposal in the above-referenced proceeding, in which Superior Broadcasting of Denver, LLC ("Superior Broadcasting") proposes the allotment of Channel 283C2 at Laramie, Wyoming as a thirteenth local service. *See Notice of Proposed Rulemaking*, DA 08-1408, released June 13, 2008 ("*NPRM*"). In the instant Counterproposal, White Park proposes the mutually-exclusive allotment of Channel 283C2 to Grand Encampment, Wyoming. White Park's Counterproposal will bring a first local service to Grand Encampment, thereby achieving a preferential arrangement of radio station allotments. A first local transmission service at Grand Encampment better serves the public interest than a thirteenth local service at Laramie. Accordingly, the Commission should grant this Counterproposal. In support thereof, White Park states as follows.

In considering amendments to the FM Table of Allotments, the Commission must determine whether the "proposed amendment... is in the public interest and is in accord with [the Commission's] statutory mandate to 'make such distributions of licenses and frequencies . . . among the several States and communities as to provide a fair, efficient, and equitable

No. of Copies rec'd 0+4  
LIST ABCDE

distribution of radio services to each of the same.” *Parker & Port St. Joe, FL*, 11 FCC Rcd 1095 (1995); *quoting* 47 USC §307(b). In making this determination, the Commission must “compare the proposed allotment plan to the existing state of the allotments for the communities involved. If the proposed allotment plan would result in a net service benefit for the communities involved (that is, if the plan would result in a preferential arrangement of allotments) [the Commission] will adopt the proposal.” *Amendment of the Commission's Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License*, 4 FCC Rcd 4870, 4873 (1989), *reconsideration granted in part, denied in part*, 5 FCC Rcd 7094 (1990). In assessing the proposed allotment plan, “[t]he Commission seeks to provide in order of priority: (1) first full-time aural reception service; (2) second full-time aural reception service; (3) first local transmission service; and (4) other public interest factors. Co-equal weight is given to priorities (2) and (3).” *Id* at 4873 & n.8; *Faye & Richard Tuck, Inc.*, 3 FCC Rcd 5374, 5376 (1988); *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982).

The Counterproposal contained herein should be adopted because it will provide Grand Encampment, Wyoming with its first local transmission service. In carrying out its Section 307(b) duties, the Commission should “presume that every separate community needs at least one local transmission service.” *Parker supra* at 1095. This first local service at Grand Encampment triggers Priority Three under the Commission's FM Allotment Priorities, and thus trumps Superior Broadcasting's Laramie proposal, which only triggers Priority Four. Additionally, as evidenced by the Engineering Report attached hereto (**Attachment I**), White Park's proposed operation at Grand Encampment will comply with the Commission's spacing requirements applicable to new station allotments.

Grand Encampment (also known as Encampment) is clearly a community for allocation purposes. Grand Encampment is an incorporated town, with a population of 443, according to

the 2000 Census (**Exhibit A**). Grand Encampment is home to numerous institutions, organizations and businesses (**Exhibit B**). It has its own local government (**Exhibit C**), a police department (**Exhibit D**), volunteer fire department (**Exhibit E**), public high school (**Exhibit F**), public library (**Exhibit G**), museum (**Exhibit H**), two local churches (**Exhibit I**) and a local health care facility (**Exhibit J**). It has its own zip code and post office (**Exhibit K**). Also attached are a short history of Grand Encampment from *Wyoming Tales and Trails* (**Exhibit L**) and a summary of a 2005 Encampment Community Development Plan prepared by Pedersen Planning Consultants for the Encampment Planning Commission (**Exhibit M**). As this evidence clearly demonstrates, Grand Encampment meets the Commission's definition of a community for allotment purposes.

Finally, White Park wishes to take note that the thirteenth local broadcast transmission service should not be considered under Priority Four nor has Superior made a showing to qualify its proposal as meeting any public interest basis. The existence of 12 broadcast services clearly provides full and complete service to Laramie. As the Counterproposal herein evidences, there remain mutually exclusive communities that have either no local transmission service or fewer transmission services than Laramie has. Before the Commission allots a thirteenth service at Laramie, it should allot a new service at a more deserving community. In removing a new service from the available pool, by placing it as a thirteenth service, the Commission will be engaging in a deleterious arrangement of available FM allotments, which should not be permitted.

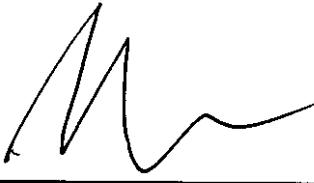

White Park hereby commits to expeditiously filing an application the allotment it has requested and, if the application is granted, to expeditiously construct such facilities. In

summary, White Park requests that the following allotment be made:

July 31, 2008

This Form 301 application is simultaneously being filed with a Petition For Rule Making to allocate CH 283 C2 to Grand Encampment as a counter proposal to BNPH-20080205AJN.

The proposed Channel 283C2 at Grand Encampment, WY can be allocated at the following coordinates:

41° 06' 45'' North  
106°27' 48'' West

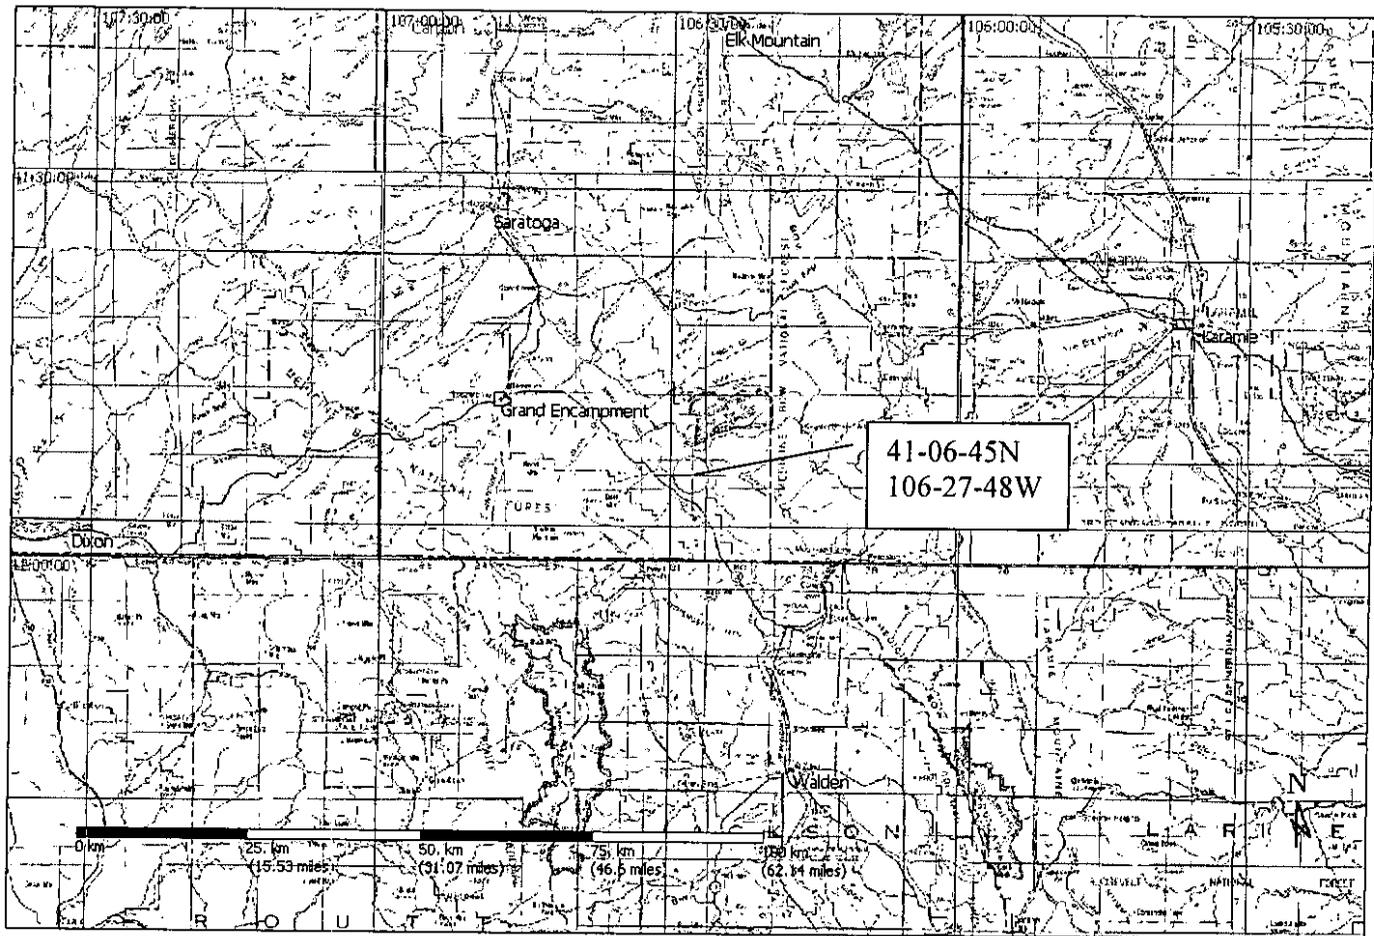

A map of the proposed allotment site is attached as *figure 1*.

The proposed location has no significant obstructions between the City of License, Grand Encampment WY and the proposed allocation point. The allocation point is approximately 29 km from Grand Encampment. This is well within the limit set in Section 73.315 of 32.6 km to the City Grade contour of a class C2 station. As shown in *Figure 3*, Grand Encampment will easily be encompassed by the predicted 70 dBu contour.

As shown by the attached *figure 2*, the proposed allotment coordinates meet all spacing requirements as per 73.207 with the following explanation of discrepancies listed.

The facility listed as 20080205AJN is the application by Superior Broadcasting to allocate Ch 283 to Laramie WY. This application for a construction permit is being filed concurrently with a Petition for Rulemaking as a counter proposal to allocate Ch 283 C2 to Grand Encampment, thus not a concern if this application is approved.
