Re: Notice of Ex Parte Presentation: WT Docket No. 07-293, IB Docket No. 95-91, WT Docket No. 07-195

Dear Ms. Dortch:

On August 12, 2008, James S. Blitz of XM Radio Inc. and I conducted a teleconference with Julius Knapp and Ron Repasi of the FCC's Office of Engineering and Technology to discuss issues associated with the above captioned proceedings.

Mr. Blitz and I asked about recent press reports suggesting the FCC may conduct testing in connection with WT Docket No. 07-195. Noting the similar technical issues involved in the proceedings addressing the co-existence of 2.3 GHz WCS and satellite radio operations, Mr. Blitz and I inquired about the possible relevance of such tests to settling the issues being addressed in WT Docket No. 07-293 and IB Docket No. 95-91.

Sincerely,

/s/ Michael A. Lewis
