**Re: Notification of *Ex Parte* Communication
PS Docket No. 06-229, WT Docket Nos. 06-150 and 96-86**

Dear Ms. Dortch:

The Public Safety Spectrum Trust Corporation ("PSST") and Cyren Call Communications Corporation ("Cyren Call") hereby provide notice of permitted *ex parte* communications.

On August 26, 2008, the undersigned, along with Michele Farquhar from Hogan & Hartson LLP, counsel to PSST, David Knutson from Cyren Call, and Elizabeth Sachs from Lukas, Nace, Gutierrez & Sachs, Chartered, counsel to Cyren Call, met in three separate meetings with Bruce Gottlieb, Legal Advisor to Commissioner Michael Copps; Wayne Leighton, Special Advisor to Commissioner Deborah Taylor Tate; and Public Safety & Homeland Security Bureau representatives Derek Poarch, Bureau Chief, David Furth, Associate Bureau Chief, and Jeff Cohen, Senior Legal Counsel. Michele Farquhar and I, as well as Morgan O'Brien of Cyren Call, also met separately with Angela Giancarlo, Chief of Staff and Senior Legal Advisor to Commissioner Robert McDowell.

During the meetings, PSST and Cyren Call discussed the future re-auction of the D Block. In particular, PSST stated that while it retains a strong preference for a single, nationwide D Block licensee, it has begun exploring the merits of a state or regional licensing approach for the D Block based on recent discussions with potential bidders. PSST also discussed the public safety community's continuing need for a nationwide, interoperable broadband network and noted that if a state or regional licensing approach is used, the Commission should identify a single technology to be used throughout the network and adopt a legally binding governance structure to facilitate interactions among multiple D Block licensees and PSST, and to ensure interoperability and nationwide roaming.

Pursuant to Section 1.1206(b)(2) of the Commission's rules, I am filing this notice electronically in the above-referenced docket. Please contact me directly with any questions

Respectfully Submitted,

/s/ Harlin R. McEwen
