Ex Parte Notice

On Wednesday, September 17, 2008, Brian Ford of the Organization for the Promotion and Advancement of Small Telecommunications Companies (OPASTCO) and Carri Bennet of Bennet and Bennet, PLLC on behalf of the Rural Telecommunications Group (RTG) (collectively, the “Associations”) met with Wayne Leighton of Commissioner Deborah Tate’s office to discuss the proposed merger of Verizon Wireless and ALLTEL Wireless. The Associations expressed their view that the merger has the potential to seriously harm rural consumers, and thus the Commission should thoroughly examine the many questions this transaction raises, including holding a hearing pursuant to Section 309(e).¹ The Associations

also asked that the Commission seek comment on the RTG Petition for Rulemaking related to a spectrum aggregation limit for wireless spectrum.² The Associations also asked that the Commission seek comment on the handset exclusivity Petition for Rulemaking filed by the Rural Cellular Association (RCA).³ Finally, the Associations asked that the Commission license spectrum in the Advanced Wireless Services (AWS)-2 and AWS-3 band on the basis of Cellular Market Areas (CMAs) so that rural wireless carriers can realistically compete for it at auction.

Sincerely,

Brian Ford
Regulatory Counsel
