RE: Ex Parte Communication, PS Docket 07-114

Dear Ms. Dortch –

Pursuant to Section 1.1206 of the Federal Communications Commission's Rules, this letter serves to provide notice in the above proceeding that on August 28, 2008, Jon Metzler of Rosum Corporation and James Green of Mercury Strategies met with Ronald Repasi of the Office of Engineering and Technology; Paul Marrangoni of the Public Safety and Homeland Security Bureau; and Chip Fleming and James Miller of the International Bureau for discussion of application and uptake of Rosum's TV+GPS hybrid location technology in the femtocell market for the purpose of location determination, delivery of precise clocking information, and frequency calibration. The parties also had a more general discussion of use of TV for positioning, combined use of TV and GPS for positioning, and the broadcast television industry's plans for rollout of mobile TV networks in the United States.

Any questions regarding this notice may be directed to the undersigned.

Sincerely,

/s/

Jon Metzler
Government Affairs Director
