Re: Filer ID: 924402
Invoice #: UBDI0000312499 for Late Filing Fee, 499A

Dear Sir or Ma'am,

We have just received a statement of Late Filing Fee of \$300 from USAC. There was NO payment involved for our 499A.

For many years, we've been using the traditional way, regular mail, to send out our 499 reports, due to a technical difficulty with attaching files through a China IP address. Both USAC'S and our technical departments have tried our best but still cannot resolve this problem.

We sent out our 499A report by mail on Mar. 18, 2008. In May we were noticed that our 499A was still not filed yet. We then realized that our report was lost in transaction. So we filed another report again right away. And then, we received this late fee charge for \$300.

I'm wondering if you could kindly waive the late fee for us. Thank you very much for your understanding and consideration!

Sincerely yours,

Cherie Chen
